## *Message from the President*

For those of you who made it to the Chula Vista Christmas Rally, I think we all had a wonderful time! Congratulations to Mary Esther Chavarela for hosting a great rally.

It's been an interesting month, weather-wise here in Mission Viejo. It's only the first couple of weeks of December, and we've had a couple of short thunderstorms and got cold enough to turn on the house furnace. Starting to feel like winter to me.

I'm sure everyone has been busy with holiday preparations, and Debbie and I are hosting our family of 14 for a Christmas dinner. We are a very musical family, and hopefully the "Brass" players (Rob, Brian, Meghan, Nathan, Joshua) will bring their instruments to play Christmas songs. Lots of fun!

We have several exciting rallies on our calendar for 2016: March - Pahrump NV;

May - Temecula CA;

July - Victoria, British Columbia; and right after, Comox, British Columbia.

Here's wishing everyone a joyous and happy Holiday season, and a healthy, prosperous 2016.

See you at the Pahrump rally!

**Bob Shetland**  
President

## *Linda Speaks (VP Rally)*

We have had 4 great rallies this year starting with Pahrump, NV. Hosts Bob and Vera Raudman they set the pace, then Quincy Ca. with Jan and Kathy wonderful laid back rally, with the fair grounds next door--loved it. Then we hit the ball out of the park with a home run at our Annual rally hosted by Mary and Bob Coleman could it get any better?? Well lets just say Mary Esther and Mike put the Cherry on top what a great rally to end the year with. Well organized we all loved it Thank-you Mary Esther and Mike, BRAVO, BRAVO, BRAVO Take a Bow.

The Chula Vista rally in the AM Mary Esther had coffee and pastry for everyone, everyday, Lunch was on your own and Mary Esther had made a special taco mix w/shrimp and some thing else for dinner I didn't ask what but it was delicious for the evening we arrived.

Friday we went by rental van to the Banjo Factory the only one in the USA they sell banjos all over the world and every banjo made there is already spoken for they said they make around 10,000 a year. We were guided thru the factory when the process of making the banjos was each banjo is given a number so that at each station the operator can look up that number and it will tell them what is to be done. We went to many different stations where a different function was being performed. We heard there most expensive banjo so far is \$65,000 dollars. There is so much more to see and learn look them up on the internet @ Deering Banjos in Spring Valley, Ca. We all loved the tour. After our outing at the Banjo factory we prepared our pot luck dish and had dinner around 5-5/30. Our members are great cooks we had some tastier dishes.

After dinner Mary Esther put out the Karaoke

Machine and some of our members sang with the machine I did sing as well I had a great time and so did the others who participated (Bob our president Mary Esther and a new member Olga Johnson) we had a lot of fun and laughs.

Here it is Saturday our last day Mary Esther taught all who wanted to learn how to put together tamales and steam them there were about 15 members on the production line and QUALITY CONTROL (MARY ESTHER walked the line seeing to the needs of the preparers.

The men worked on soaking the corn husks and getting the water ready to steam tamales. We had made Pork, Chicken, Vegetarian, and a desert tamale. I'll let you know how dinner was, in one word DELICIOUS. Rice and beans salad and desert were all delicious. Thank-you Mary Esther and Mike for all your hard work you did a great job it was a really fun rally for all of us.

Merry Christmas, God Bless You

Linda Blackburn

## Chula Vista, CA Mini Rally held December 3- 6, 2015

**Thursday 12-3.** Another great rally for the club, with 11 coaches taking part. Our hosts, Mike and Mary Esther Chavavela, put a lot of time and effort in this one. Our meeting place was set up in a 20'x20' tent, provided for our sole use for the duration of

the rally. It was complete with lights and power and even two portable heaters. We started with a light meal at 5PM Thursday. Mini tacos and clam chowder soup. We traded stories of events that happened since

the last rally and got reacquainted with old and met some new friends.

**Friday 12-4.** At 8am, our hosts provided coffee, Danish and fruit at their site. It was followed by games and an easy craft session. The skill games was

trying to bounce a ping pong ball into a glass of water. Not the easiest to do.

At noon, 12 of us piled into a rented van, driven by Ole Jensen for a tour of

the Deering Banjo Factory in Spring Valley. This is the largest Banjo factory in

the U.S. with exports all over the world.

Once there we got a personally guided tour of the facility. This is the largest banjo manufacturer with international

sales. They produce over a hundred models and sell worldwide. They take different species of wood starting from rough boards, mill them to their specs, and machine the parts, assemble and finish all

to customer exact orders.

After we returned to the park, we had our

first Pot-luck dinner at 5:30. Lots of good food was provided. As usual, too much food to eat. After dinner we were treated to some Karaoke. Although only a few

participated they provided us with a lot of entertainment. More visiting and swap-stories, then off to bed

**Saturday 12-5.** Again the hosts provided coffee, pastry and fruit in the tent. Followed by a game and later the book exchange. The left over, unclaimed books were donated. The hard cover books to the RV park library, the paperbacks to the VA hospital by Mary Esther.

We gathered again in the tent at 2pm for a Tamale making party. Mary Esther guided us thru all the steps. First we had to soak the dried corn husks in hot water for about an hour until they be-

came transparent and pliable. While they were soaking, she made the ingredients: pork, chicken and a vegetarian ingredients consisting of green chilies and cheese.

Then the fun began by assembling them First you spread masa, a dough made from flour , on the corn husks. We got a

production line, with "Specialists" at each station. The final products were wrapped in tissue to await steaming in

the special pots. When all the pots were filled, they were set outside to cook on the gas grill for about an hour. There were

tamales of Chicken, Pork and Vegitarian, some special dessert tamales of strawberry

filling.. Then came our own version of the "Chocolate Extravaganza" Chocolate everything from cookies to

candy. As if that wasn't enough, we had a "White Elephant" gift exchange.

As usual, there were decisions to be made, and dilemmas about what someone else got that was better or what we

would rather have. There were some really neat gifts and a few exchanges. When all was done, everyone was told to take some tamales with them, until all were spoken for.

**Sunday 12-6** On the final morning, the Chavarelas once again provided us with coffee and a few pastries, we had a little more time to visit and pack up all the supplies, clean up the tent area, and leave for home.

What a great rally. Too bad that all the Chinook members couldn't join us.

## PROPOSED ITINERARY

Monday 25 July 2016 - Check in time starts at 12:00 PM. Meet & Greet 5:00 PM Tufford Unit (snacks and Cold Plate provided)

Tuesday 26 July & Wednesday 27 July -

Free days to enjoy area and activities with Pot Luck both evenings for those on sight.

Thursday 28 July -

Free morning (Dinner with Annual Meeting? If applicale)

ADDITIONAL INFORMATION - The situation at the RV Park for power, water and sewer is that the facility outlets are shared on the same post for two units. This means that every second unit may have to back in to the sight if they do not have sufficient power, water and sewer lengths to drive straight in and pass the lines under their unit. In most cases this may not be a problem but I recommend you bring additional lengths.

Recommend you bring good walking shoes, backpack, and bring some warmer clothing because the evenings could become a little windy and cool at the RV Park due to the proximity to the ocean

COSTCO no longer accepts American Express Credit Cards in Canada but does accept MASTERCARD.

There is a small Shopping Plaza within a 10 minute walk distance from the RV Park. It contains a Grocery Store, Bakery, Liquor Store, Drug Store, Bank and a Dollar Store.

If for any reason you are not able to arrive on your scheduled date, please advise WestBay Marine Village ASP. We would not like to see you arrive late and have your space re-allocated to someone else.

**COMOX, B.C.** In July 29, Out August 2, 2016

www.capelazo.com 1.888.558.3946

Come and see how a small town on Vancouver Island celebrates the August provincial holiday weekend. Something for almost everyone-arts and crafts, entertainment, a parade, a car show, boat races, a sea cadet sunset drill and fireworks! We will have a mini-van shuttle from the Cape Lazo RV Park into town for the events and for those who might be interested, up Mt Washington to our local ski resort for lunch and a ride up the chairlift to the top of the mountain to look out over the Comox Valley, the Strait of Georgia and the Coast Mountain range on the mainland. On a clear day we can see from north of Campbell River to Deep Bay in the south. Although it is about 3 miles from the RV park into downtown Comox, the two sites in town are less than 1/2 mile apart so walking between them is no problem.

Since I have become familiar with the hassles and expense of processing foreign checks, **I ask you to make your own reservations with the RV park and will collect for common expenses (the minivan) upon arrival.** The details of the park are available at [www.capelazo.com](http://www.capelazo.com) and if you identify yourselves as attending the Chinook Rally, I will prevail upon them to put us in the same area, but it is not a big deal since it is a small park and the pavilion is centrally located. The park was completely renovated in 2013 with a new store/office and new washrooms. Currently site prices

are \$35 and \$45/ night. The park is located just past our home and has easy access to the beach. The important point to remember is that it is their busiest weekend as many of the exhibitors stay there so they **recommend getting your reservations in by the first of June 2015,** Our schedule will be as follows:

**29 July-**Arrival and get together pot luck in the park pavilion.

**30 July-**After breakfast, shuttle runs to the Filberg Festival ([www.filbergfestival.com](http://www.filbergfestival.com)) for the artisans show and stage entertainment held on the grounds of Filberg Lodge (the waterfront home and gardens of one of the early Comox families). The entry fee is \$15 each and lunch may be purchased at the teahouse.

**31 July-** After breakfast, shuttle runs into Comox for those not interested in lunching and sightseeing on the mountain (Dragon Boat races are held in the harbor). At approx 9:30 the first run up the mountain for the chairlift, with a second run at 11:15. The two groups can meet for lunch before the second group does the chairlift trip. The reason for using multiple runs with a minivan is driving a 15 pass van requires a commercial license which I don't have.

**1 August-** We shuttle into town for a pancake breakfast at the marina, then take in the parade, the car show and the Build, Bail and Sail boat race which is a real hoot as you watch the teams build their boats before racing them two at a time in the afternoon ([www.comoxnauticaldays.ca](http://www.comoxnauticaldays.ca)). Events at the marina are free and there are many food vendors to choose from. The shuttle will run throughout the day and into the evening for the sea cadet sunset ceremony and the fireworks.

### Savings on Security for your home

I took down our Rebel flag and peeled the NRA sticker off the front door. We've disconnected our home alarm system and quit our candy-ass Neighborhood Watch. Bought two Pakistani flags on eBay and raised them in the front yard, one at each corner, plus a black flag of ISIS in the center. Now, the local police, sheriff, FBI, CIA, NSA, Homeland Security, Secret Service and other agencies are all watching the house 24/7. I've never felt safer and we're saving \$49.95 a month.

### THEY ARE OUT THERE !

I used to work in technical support for a 24/7 call center. One day I got a call from an individual who asked what house the call center was open. I told him the number you called is open 24 hours a day, 7 days a week. He responded "Is that Eastern or Pacific Time?" Wanting to end the call quickly, I said "Uh, Pacific" ....

My colleague and I were eating our lunch in our cafeteria, when we overheard one of the administrative assistants talking about the sunburn she got on the weekend drive to the shore. She drove down in a convertible, but "Didn't think she'd get sunburned because the car was moving".....

My friend and I were on a beer run and noticed that the cases were discounted 10%. Since it was a big party, we bought two cases. The cashier multiplied 2 times 10% and gave us a 20% discount.....

I couldn't find my luggage at the airport baggage area. So I went to the lost luggage office and told the woman there that my bags never showed up. She smiled and told me not to worry because she was a trained professional and I was in good hands. "Now", she asked me, "Has your plane arrived yet?"

While working at a pizza parlor, I observed a man ordering a small pizza to go. He appeared to be alone and the cook asked him if he would like it cut into 4 pieces or 6. He thought about it for some time before responding. "Just cut it into 4 pieces, I don't think I'm hungry enough to eat 6 pieces"....

### YOU THINK ENGLISH IS EASY?

The bandage was wound around the wound.

The farm was used to produce produce.

The dump was so full that it had to refuse more refuse.

We must polish the Polish furniture.

He could lead if he would get the lead out.

The soldier decided to desert his dessert in the desert. Since there is no time like the present, he thought it was time to present the present.

The bass was painted on the head of the bass drum.

When shot at, the dove dove into the bushes.

I did not object to the object.

The insurance was invalid for the invalid.

Let's face it. English is a crazy language. There is no egg in eggplant, nor ham in hamburger: neither apple nor pine in pineapple. English muffins weren't invented in England or French fries in France. Sweetmeats are candies while sweetbreads, which aren't sweet, are meat. We take English for granted. But if we explore its paradoxes, we find the quicksand can work slowly, boxing rings are square and guinea pig is neither from Guinea nor is it a pig.
